BROADWAY PLAZA — Bob Helmuth, a La Jolla land developer, is pitcured with his latest shopping complex, Broadway Plaza, located at the corner of Broadway and Sweetwater Rd. in Lemon Grove.

Broadway Plaza Joins Local Business Area

Broadway Plaza, the latest addition to the area's business community, will observe its grand opening Saturday beginning at 10:30 a.m. Broadway Plaza is located at the corner of Broadway and Sweetwater Rd. in Lemon Grove.

A ribbon cutting ceremony will be held with a representative of the Chamber of Commerce and Miss Lemon Grove, Linda Arthur, snipping the ribbon.

The 10,500 square foot $200,000 shopping complex was developed by La Jolla builder Bob Helmuth. It was designed by Weber and Edwards Architects of Pacific Beach.

Free gifts and door prizes will be given away by the six merchants in the Plaza, which will be open through the evening hours both Saturday and Sunday.

Present occupants are Jan's Hairstylists, owned by Jan Klawitter; Master Clock and Watch Repair, Medard Fuhrer, proprietor; Alberto's Italian Restaurant, owned by Albert F. Infusino; Jet Wash and Cleaners, a laundromat owned by Royse and Dottie Steppler; Viviane Woodard Costmeic Studio, directed by Tom and Roberta Standen; and Gloria's Gift Shop, Gloria Cordova owner.

Six office spaces are yet to be filled, although Helmuth said a barber shop will join the Plaza in the near future.

$50,000 Suit Filed In SD

SAN DIEGO (CNA) — A $50,000 personal injury suit has been filed in Superior Court for Billy Russell Newgent Jr., 18, of 4795 Garfield St. La Mesa.

The complaint, filed by his parents, names Michael Cansino defendant and accuses him of negligence causing a collision on Highway 94 at Calavo Dr. The younger Newgent allegedly was a passenger in the car of Robin Mann and was hurt when it and Cansino's car collided.

Valuations To Top $2,000,000,000 But Assessment Rise Slows

SAN DIEGO (CNA) — The assessed property valuation of this county appears headed over the $2 billion mark for fiscal year 1966-67.

Tuesday, County Assessor E. C. Williams gave the Board of Supervisors the locally assessed roll which totalled $1,812,822,480.

The increase from this year's $1.75 billion, however, was only 3.33 per cent. This is the lowest increase for ten years or more although the statistics were not available for years prior to 1956.

Lack of building activity accounted in part for the small increase. Another reason was that the reappraised sections were generally of low valuation, especially in San Diego, and where valuations are low even large increases do not add much to the total.

The public utility tax roll is announced by the state later in the year. Last year it was $226 million and if it is that much this year, it will bring the total over $2 billion. Chief Administrative Officer T. M. Heggland said the utility roll is not expected to increase because of a change in assessment methods.

Heggland said he looks for a county tax rate increase of seven to eight cents in an off-the-cuff estimate. Several factors are still unknown, he said.

The board will start equalization hearings on Friday. Property owners who wish to file protests must do so by noon July 14 with Helen Kleckner, clerk of the board, at Room 103, County Civic Center, 1600 Pacific Highway, San Diego.

28 SD Hospitals To Participate In Medicare Program

Twenty-eight San Diego County hospitals will be eligible under the Social Security Administration to provide services under the medicare program, which began Friday.

The hospitals are: Bay General in Chula Vista, Chula Vista Community, Coronado, El Cajon Valley, Foothill Medical, Heartland, Palomar Memorial, Fallbrook, Scripps Clinic and Research, Scripps Memorial, Grossmont, Mount Helix, Stevenson Memorial and Paradise Valley.

Also Oceanside Community, Tri City, Booth Memorial, Children's, Clairemont General, Doctors, Hillside, Mercy, Mesa Vista, San Diego County General, Sharp Memorial, Villa View, Vista Hill Psychiatric Foundation and Edgemoor Geriatric.

United States National Bank today reported a 45 per cent increase in its per share earnings for the first six months of 1966 as compared to the like period of 1965.

It's Official; Burgener Wins Over Hale Ashcraft

SAN DIEGO (CNA) — At count-down, it was still counted out for State Assemblyman Hale Ashcraft.

Ashcraft called for a re-count when he was defeated June 7 by Clair Burgener for the Republican nomination for 38th Senate District.

The three-day re-count by hand of 489 precincts gave Ashcraft an additional 97 votes, leaving him 603 votes behind Burgener, according to Charles Sexton, registrar of voters. Sexton added that a discrepancy of 10 votes in the absentee ballots cut Ashcraft's gain to 87 votes.

Sexton said the absentee errors had not been pinpointed, but the recount showed Ashcraft had been given credit for 63 votes and Burgener for 53 votes that had not been accounted for. The original absentee tally was made by hand.

The original tabulation by machine "matched beautifully" with the manual recount and "no gross discrepancies traceable to the machines were found," Sexton said.

At the close of the recount Friday evening, Sexton said the differences that were found were due to changes in procedures and to clerical errors, rather than to the machines which counted all but the absentee ballots.

Rev. Christianson To Head Trustees

The Rev. Arne Christianson was elected president of the La Mesa-Spring Valley School District Board of Trustees at the Board's meeting July 1. Rev. Christianson is pastor of the College Lutheran Church.

Other board members elected were Hardy Kuykendall vice president; Fred Jabusch, clerk and Glenn Murdock, secretary.

In a split vote, the board appointed Eric Sanders as administrative assistant at a salary of $12,620 a year. Sanders is a former public information officer for the district. He has been with the district 17 years.

Bid Forms Ready For L.G. Post Office

Bids forms will be available for the new Lemon Grove Post Office on and after July 11, Lemon Grove Postmaster Frenchy Faucher said this week.

The new building will be erected on Broadway near Grove St., and will consist of 12,000 square feet of floor space.

Construction is expected to start early this fall, Faucher said.

Competitive bids to build and lease the post office is to encourage the most attractive and economical offer in line with the President's program to achieve the best possible postal service.

Under the Department's Lease Construction program, the site selected on the north side of Broadway, between Imperial and Grove Streets, will be assigned to the successful bidder, who will purchase the property, construct the building according to department speifications and lease it to the Post Office Department for a basic period of ten years, with options to renew the lease for an additional twenty years.

The Department's capital investment will be limited substantially to postal equipment. The building will remain under private ownership with the owner paying local real estate taxes.

Bidding documents are available and may be obtained from David L. Warner, Regional Real Estate Officer, P.O. Box 1701, San Diego, on and after July 11. Bidding forms, building specifications, lease provisions and other information may be obtained from him also.

Bids must be submitted to the Real Estate Officer by 3 p.m., Aug. 10, 1966.

The DIMMER VIEW

It's Time to Help the Innocent

The growing determination to give more breaks to criminals is an extension of Robinhoodism of the Great Society that has no equal in history.

It is an unhappy philosophy, one that will haunt civilization forever — or until the revolution.

The care and feeding of criminals has become such a hamstringing operation that a police officer said to us last week that "it's safer to be a crook than a cop."

As bad as the tender-love-and-affection treatment to crooks is, there's a counterpart that few people know about. It is the handling of cases involving innocent suspects.

An example occurred last month in Lemon Grove when an attractive 21-year old girl was arrested on a charge of carrying a concealed weapon as she returned from a target shooting trip with her boy friend. The concealed weapon charge was dropped as soon as she was interrogated. She was innocent. The police admitted that she was innocent. But she now has an irremovable record of having been arrested.

The girl was an outstanding high school student at Mt. Miguel four years ago. She is now a senior at State, majoring in medical research. She will graduate in December and is attempting to find a position in the field in which she has studied long and hard. Her job applications are rejected because she must answer the question: have you ever been arrested? She would lie if she answered "no."

Her crime was that a target pistol was on top of a beach bag on the floor of the car instead of on the seat.

In defense of the arresting officer let it be known that the girl resembled a "tall, blonde, statuesque female" who had held up several markets in the east county during the preceeding weeks.

But that doesn't help the innocent maiden. She now has an arrest record.

The Governor recently set new guidelines for sealing crime records of juveniles. Those under 21, upon proper application to the courts, may have the records of their juvenile misdoings forever hidden if the court approves. This is not possible after the age of 21 is reached. There is no legal machinery for having such records expunged.

Here we have a condition where criminals are coddled lest their "rights" be denied. Information about the crime and the criminal is often concealed from the press lest it prejudice the courts and the public.

But, an innocent, fawn-eyed youngster, who committed no crime whatsoever, has a criminal record that deprives her of fulfilling her ambition in life to the same extent as it would if she had been guilty of drug addiction and embezzlement!

It is time we protect the innocent!

Tuberculosis Climbs Here

San Diego County continues to be one of the relatively few areas in the country where tuberculosis cases are on the increase, Dr. Robert Rosen, Lemon Grove-Spring Valley area chairman of the Tuberclosis & Health Assn. of San Diego County, reported yesterday.

Last year there were 185 new resident cases of tuberculosis of all kinds. In 1964 there were 164, in 1963 146, in 1962 130, in 1961 113, the fewest on record. In 1960 there were 155 cases.

Doctor Rosen said Dr. J. B. Askew, director of public health, pointed out that about 1963 a change was made in reporting of tuberculosis. Previously primary (usually child-

Project Concern Head To Speak At Church

The founder of Project Concern, Dr. James W. Turpin, will speak at the Lemon Grove Methodist Church Sunday at 9 a.m. and 10:30 a.m. on "The Unfaithful Bride."

Turpin, who makes his home in Coronado, founded Project Concern in 1961 as a non-profit organization to provide medical assistance in the developing areas of the world.

He is married and has four children. He attended Candler School of Theology and graduated from the School of Medicine at Emory University.

After completing his residency in General Practice at Sonoma County Hospital in Santa Rosa he went into general practice in Coronado where he and his wife became active in community affairs.

City Councilman

He served on the Coronado City Council and also taught a Sunday school class.

"Dr. Jim" invited his adult group to "join me and let us do something about service instead of sitting here talking about it." As a result of an on-the-spot inspection of conditions, he and the Sunday school class members volunteered their services to help a medical clinic and school at Casa de Todos in Tijuana.

The project taken up by Turpin in Tijuana is believed to have been the launching pad for Project Concern.

Hospital Director

Turpin went to Hong Kong in 1962 and now directs a complicated network of four hospitals. Three are in Hong Kong. One serves the ancient walled city of the Kowloon District, another is in the Jordan Valley, and the third is in on two junks anchored in the Yau Ma Tei Typhoon Anchorage and serving the "floating city" of that area.

The "floating clinic" consists of twn chinese junks converted to a modern medical facility.

It offers to the people complete medical and dental outpatient care, including X-ray, laboratory service, and minor

Jehovah's Witnesses Ready For S.F. Meet

Edgar A. Flinn, presiding minister of the Lemon Grove-Spring Valley congregation, has stated that thousands of volunteer workers are vigorously preparing for the anticipated 55,000 delegates who will attend the "God's Sons of Liberty" convention scheduled by the Watchtower Society for August 3-7 in San Francisco's Candlestick Park.

"Reports from San Francisco," says Flinn, "indicate that thousands of hotel, motel and private residential accommodations have been readied for the comfort of the Witnesses coming from 25 states and five foreign countries."

"Jehovah's witnesses are convention-minded people, for this activity is part of our spiritual life. Those of us who have been associated with the organization for a number of years have regularly attended three conventions each year. We copy the Israelites from Moses' time on, for God commanded Moses to instruct his people to attend three solemn assemblies each year. They were further commanded to go to Jerusalem where they would receive instruction and encouragement from God's Word," Flinn said.

"We have a definite objective in meeting together by the thousands in these assemblies three times years. First, we are able to renew old friendships and make new ones. Secondly, and more important, we encourage each other by having symposiums, demonstrations and discussions highlighting our ministry and the fulfillment of Bible prophecy," he added.

"There will be a delegation of 2,000 from the Lemon Grove-Spring Valley and San Diego area attending this five-day assembly in San Francisco. Many of us have already received our rooming accommodations and some of us will be working as ushers, cafeteria workers, and in other convention departments." Flinn concluded by saying, "it is indeed gratifying to know that the officials of San Francisco are cooperating to the fullest extent to make this convention of Jehovah's witnesses a complete success."

PRAYER AND GOOD WORKS GO TOGETHER

Prayer provides the motive power for good works, therefore we must know something about prayer. The idea that prayer is a pious custom of no practical significance needs to be buried. We learn to pray by praying. The best place to learn is in Church.

TB Rises Here

(Continued)

hood) TB was not adequately reported, but about 1963 the state began asking for reporting of primary TB. Doctor Askew said that in 1961 only one case of primary TB was reported, but 31 cases were reported in 1965.

The health director added that reactivations are now reported as "new" cases and "more primary cases than heretofore are being reported."

On a national basis, about 30 million persons are tuberculin reactors, and, at some time in the future 1.5 million of them will break down with tuberculosis in active form, Doctor Rosen said.

He explained tuberculin is a solution of killed TB germs used in skin tests.

The latest report of the epidemiology and statistics division of the National Tuberculosis Assn. shows the U. S. Public Health Service estimates there are 42,000 active cases of TB in hospitals, 63,000 unhospitalized active cases, and 215,000 cases with activity undetermined or inactive.

Provisional figures indicate there were 48,134 new cases of active TB in 1965 at a rate of 24.8 per 100,000 of population. There were 8,170 deaths from TB, at a rate of 4.2 per 100,000.

In 1964 — the most recent year for which final figures are available, there were 50,874 new cases, at a rate of 26.6, and there were 8,303 deaths at a rate of 4.3.

Between 1963 and 1964, the new active case rate declined 7 per cent and the death rate declined 12 per cent. Provisional data for 1965 indicate the case rate declined 7 per cent and the death rate 2 per cent between 1964 and 1965.

In 1964, 1,847 persons certified as dying of tuberculosis as a primary or secondary cause had never been reported as cases of tuberculosis.

"Because a long period of time may exist between becoming infected with tuberculosis and the appearance of symptoms, the tuberculosis associations recommend all persons have frequent check-ups made by their own physicians," Doctor Rosen said.

Production Begins At Actors Quarters

Eugene Ionesco's "The Painting" is being presented by the Actors Quarter Theater at 430 Elm St.

"The Painting" is one of the early Ionesco plays and has not been performed widely. Ionesco calls this farce a puppet show, and wishes that only through utter idiocy can the significance of the play be brought out.

The play will run until Aug. 11 and will alternate with Beckett's "Happy Days." "Happy Days" will colse on July 28.

Reservations can be made by calling the Actors Quarter box office at 233-7555.

U.S. Department of Agriculture state that 1966 milk production will probably decline about 2% from the 125.1 billion pounds produced in 1965, when milk cow numbers showed an above-average decline, and production gains per cow were small.

Sheltered Group Posts Big Gain

Sheltered Workshops of San Diego, Inc., closed its fiscal year June 30, approximately 20 per cent ahead of the previous year — all of the gain being realized in the last six months — John F. Hutsel, president, reported yesterday.

With 1965-66 gross sales of about $345,000, the cash gain was about $65,000. Last year's sales were $279,493.

The operation is an industrial contract production facility which provides vocational services — including on-the-job training, guidance, and job placement — for the handicapped of San Diego county.

"In mid-December," Hutsel said, "we brought Francis E. Cohen down here from the Civitan Industries in Pasadena as our executive director. Our gains date from his arrival."

Hutsel said that in '64-'65 about 90 per cent of income came from drill reconditioning contracts. In the year just ended, drill work represented 80 to 85 per cent of the total, with productions of more than 3.5 million drills, averaging 300,000 a month — 400,000 drills monthly for the past four months.

Most drill work is being done for the Rohr Corp. and the Navy.

LETTERS TO THE EDITOR

Dear Editor:

In behalf of the Foothills Secondary Council CCPT and of the seventeen junior and high schools represented, may I take this opportunity to thank you for your many courtesies in publishing articles submitted on our activities for the past two years.

Our publicity record book, which plays a vital part in letting future members of the council know what has happened, would certainly not be so thick with articles and pictures if you were not so generous with newspaper space.

Our thanks again, and I know Mrs. Don Hunsaker, who will be the new publicity chairman, will enjoy working with you.

Sincerely,
Mrs. Paul R. Shipps

Dear Editor:

Thank you for the fine coverage you have extended our school and its activities this past year. The recognition you extend to young people for their achievements does much to promote the higher ideals we expect from our youth.

Our community is fortunate to have a publisher and newspaper consistently supporting positive educational programs and achievements.

Respectfully,
Robert E. Sutton, Principal
Lemon Grove Junior High School

Dear Editor:

May we take this opportunity to express the appreciation of the Mount Miguel staff and student body for your spirit of cooperation and assistance during the past school year.

The Lemon Grove-Spring Valley community is indeed, fortunate to have a newspaper editor who believes in the constant strengthening of the community.

We look forward to continued association with you.

Cordially,
M. C. Grant
Principal
